

## INFORMATION ON STREET TREE REPLACEMENT FOR LENEXA HOMEOWNERS

Emerald Ash Borer

*Replacing your street tree has a dual advantage — it helps to preserve Lenexa's urban forest and helps to ensure that property values do not drastically decline.*

- ◆ The city will provide a refund of 50% of the cost of the replacement tree, up to \$200 per property. Once street tree funds are exhausted, the refund to homeowners will no longer be available.
- ◆ The replacement tree must remain a street tree and the location and type of tree to be planted must be

approved by the Lenexa Parks Superintendent or Landscape Supervisor.

- ◆ Prior to issuing a refund, an employee from the Parks Department will visit the property to verify that the street tree has been planted.
- ◆ A valid receipt for the replacement tree is necessary for refund.

### Who Can I Contact With Questions?

**Danny Huntsinger,**  
Parks Superintendent  
913-477-7149
